Summary

Applied economist and Economics Ph.D. candidate with World Bank experience in impact evaluation, survey research, and data quality assurance. Experienced in preparing and analyzing survey data, evaluating development interventions, and coordinating with government partners and field teams. Research focuses on land reform, women's property rights, and early-childhood development.

Skills

Programming & Tools: R, SQL, Stata, LaTeX, ArcGIS, EViews, SurveyCTO, Excel

Methods: Causal Inference, Quasi-Experimental Methods, A/B Testing, Experimental Design, Time Series Forecasting

Experience

Graduate Research Assistant

Sep 2023 – Present

University of Delaware

Newark, DE

- Construct and analyze linked primary and secondary datasets to evaluate how land-record digitization in Punjab, Pakistan affects women's inheritance and property rights, using staggered difference-in-differences; coauthor on the evaluation.
- Analyze baseline and endline survey data for Reach Up Indonesia, a village-randomized early-childhood parenting program in East Java; estimate intention-to-treat and treatment-on-the-treated effects.

Short-Term Consultant

Jul 2024 – Aug 2026

The World Bank

Remote

- Conducted data cleaning, monitoring analysis, and high-frequency data-quality checks for an evaluation of land-record digitization and women's inheritance rights in Punjab, Pakistan.
- Supported survey planning, background research, and proposal development in collaboration with investigators and field teams in Pakistan.

Research Associate

Sep 2022 – Aug 2023

Center for Economic Research in Pakistan (CERP)

Lahore, Pakistan

- Led survey design, data collection, and partner coordination for an evaluation of land-record digitization in Punjab, Pakistan.
- Built and maintained research datasets from large-scale household surveys, generating policy insights delivered to government and international development partners.
- Authored research proposals and managed cross-institutional stakeholder relationships across a multi-partner World Bank-funded project.

Pre-Doctoral Research Associate

Aug 2021 – Mar 2023

Lahore University of Management Sciences (LUMS)

Lahore, Pakistan

- Designed and executed randomized field experiments on digital literacy and misinformation; oversaw pilot design, intervention protocols, and on-ground operations.
- Analyzed Pakistan's Labor Force Survey data to characterize labor market patterns and inform research design for behavioral economics projects.
- Developed survey instruments for multiple field studies, coordinating data collection teams and ensuring data quality across project phases.

Education

University of Delaware

Expected May 2028

Ph.D., Economics

M.S., Economics and Applied Econometrics

June 2025

Lahore University of Management Sciences

June 2021

B.Sc. (Honors), Economics and Mathematics — GPA: 3.75/4.0, *Graduated with Distinction*

Teaching Experience

University of Delaware: Instructor of Record, Introduction to Macroeconomics (Winter 2026).

LUMS: Adjunct Faculty, Development Economics (Summer 2025).

Publications

Beg, Sabrin, and Sheikh Arsalan-ul-Haque. 2024. "Policy Recommendations for Advancing the Education Sector in Pakistan." Chapter 10 in *Striving to Meet the Sustainable Development Goals*, Asian Development Bank Institute.

Additional

Co-founder, Kaavish: Coordinated fundraising, volunteers, and meal distribution for a community relief organization that delivered more than 10,000 meals.
