

Sheikh Arsalan-ul-Haque

arsalan@udel.edu — LinkedIn — Website

Summary

Applied economist and Economics Ph.D. candidate with World Bank experience in impact evaluation, survey research, and data quality assurance. Experienced in preparing and analyzing survey data, evaluating development interventions, and coordinating with government partners and field teams. My research examines how family law and property rights shape marriage, women's outcomes, and child health in South Asia.

Skills

Programming & Tools: R, SQL, Stata, LaTeX, ArcGIS, EViews, SurveyCTO, Excel

Methods: Causal Inference, Quasi-Experimental Methods, A/B Testing, Experimental Design, Time Series Forecasting

Experience

Graduate Research Assistant

Sep 2023 – Present

University of Delaware

Newark, DE

- Link survey and reform-rollout data in a coauthored evaluation, estimating that Punjab's land-record reform raised women's likelihood of retaining inherited land from 13% to 22%.
- Clean and analyze baseline and endline surveys for a parenting trial across 30 Indonesian villages, producing intention-to-treat, treatment-on-the-treated, and heterogeneity analyses for the endline report.

Short-Term Consultant

Jul 2024 – Aug 2026

The World Bank

Remote

- Cleaned survey data and ran high-frequency quality checks for the Punjab land-record evaluation, flagging field-data issues and preparing reliable data for analysis.
- Prepared background research and proposal inputs with investigators and field teams, supporting survey design and implementation planning in Pakistan.

Research Associate

Sep 2022 – Aug 2023

Center for Economic Research in Pakistan (CERP)

Lahore, Pakistan

- Programmed SurveyCTO questionnaires and coordinated field preparation for the Punjab land-record evaluation, whose primary survey reached approximately 5,800 households.
- Built household-survey datasets and delivered findings to government and development partners, informing discussions on women's property rights.
- Drafted research proposals and coordinated stakeholders for a US\$60,000 World Bank-funded project, aligning research planning with field implementation.

Pre-Doctoral Research Associate

Aug 2021 – Mar 2023

Lahore University of Management Sciences (LUMS)

Lahore, Pakistan

- Designed survey instruments and pilot protocols for randomized studies of digital literacy and misinformation, preparing interventions for field testing.
- Analyzed Pakistan's Labor Force Survey to identify labor-market patterns that informed behavioral-economics study design.
- Managed field operations and data-quality checks across multiple studies, supporting consistent implementation and usable research datasets.

Education

University of Delaware

Expected May 2028

Ph.D., Economics

M.S., Economics and Applied Econometrics

June 2025

Lahore University of Management Sciences

June 2021

B.Sc. (Honors), Economics and Mathematics — GPA: 3.75/4.0, *Graduated with Distinction*

Teaching Experience

University of Delaware: Instructor of Record, Introduction to Macroeconomics (Winter 2026).

LUMS: Adjunct Faculty, Development Economics (Summer 2025).

Publications

Beg, Sabrin, and Sheikh Arsalan-ul-Haque. 2024. "Policy Recommendations for Advancing the Education Sector in Pakistan." Chapter 10 in *Striving to Meet the Sustainable Development Goals*, Asian Development Bank Institute.

Additional

Co-founder, Kaavish: Organized fundraising, volunteers, and distribution, helping deliver more than 10,000 meals to underserved communities.
