Summary

Applied economist and Economics Ph.D. candidate (May 2027) with World Bank experience in causal inference, survey analysis, and data quality assurance. Communicate empirical findings to government and development partners. Research focuses on family law, women's property rights, marriage, and child health in South Asia.

Skills

Programming & Tools: Stata, R, Python, SQL, Excel, SurveyCTO, ArcGIS, LaTeX, EViews

Methods: Causal inference, econometric analysis, staggered difference-in-differences, randomized evaluations, survey research, data quality assurance

Experience

Graduate Research Assistant Sep 2023 – Present
University of Delaware Newark, DE

- Apply staggered difference-in-differences to linked survey and reform-rollout data in a coauthored evaluation; estimate that Punjab's land-record reform raised women's likelihood of retaining inherited land from 13% to 22%.
- Analyze baseline and endline surveys for a village-randomized parenting program across 30 Indonesian villages; estimate intention-to-treat, treatment-on-the-treated, and heterogeneous effects for the endline report.

Short-Term Consultant Jul 2024 – Aug 2026
The World Bank Remote

- Cleaned and validated survey data for the Punjab land-record evaluation; ran high-frequency quality checks, flagged field-data issues, and prepared analysis-ready datasets.
- Synthesized background research and drafted proposal inputs with investigators and field teams, supporting survey design and implementation planning in Pakistan.

Research Associate Sep 2022 – Aug 2023
Center for Economic Research in Pakistan (CERP) Lahore, Pakistan

- Programmed SurveyCTO questionnaires and coordinated field preparation for the Punjab land-record evaluation's primary survey of approximately 5,800 households.
- Built household-survey datasets and communicated empirical findings on women's property rights to government and development partners.
- Drafted proposals and coordinated research and field stakeholders for a US\$60,000 World Bank-funded project, aligning analytical priorities with implementation plans.

Pre-Doctoral Research Associate Aug 2021 – Mar 2023
Lahore University of Management Sciences (LUMS) Lahore, Pakistan

- Designed survey instruments and pilot protocols for randomized studies of digital literacy and misinformation, preparing interventions for field testing.
- Analyzed Pakistan's Labor Force Survey to identify labor-market patterns and inform behavioral-economics study design.
- Coordinated field operations and data-quality checks across studies, supporting consistent implementation and analysis-ready datasets.

Education

University of Delaware Expected May 2027

Ph.D., Economics

M.S., Economics and Applied Econometrics

June 2025

Lahore University of Management Sciences

June 2021

B.Sc. (Honors), Economics and Mathematics — GPA: 3.75/4.0, *Graduated with Distinction*

Teaching Experience

University of Delaware: Instructor of Record, Introduction to Macroeconomics (Winter 2026).

LUMS: Adjunct Faculty, Development Economics (Summer 2025).

Publications

Beg, Sabrin, and Sheikh Arsalan-ul-Haque. 2024. "Policy Recommendations for Advancing the Education Sector in Pakistan." Chapter 10 in *Striving to Meet the Sustainable Development Goals*, Asian Development Bank Institute.
